

Room 1
8:30
Registration
9:00
Welcome and Opening | Your Journey to the 3DEXPERIENCE® Platform
9:30
Move between rooms
Room 1
Room 2
Room 3
9:35
Digital AI Transformation with ONE Lab
Exploring Novel Cancer Therapeutics with Generative Design at OICR
Computational Support of Crystallization Development of Pharm. Compounds
10:05
Move between rooms
10:10
BIOVIA Contract Research: Your Innovation Partner
Collaborative Cloud Solution for Small Molecule Therapeutics Design
COSMO Customer Applications: Leveraging the Solvation Chemistry Modeling Suite
10:40
Break | 1-on-1 | Networking
11:10
ELN Audit History at Pfizer
Roundtable: AI-driven Drug Design
Molecular Modeling of Catalysts at Stevens Institute of Technology
11:40
Move between rooms
Move between rooms
11:45
Synthetic Chemistry in Scientific Notebook
Materials Studio Simulations on the 3DEXPERIENCE Platform
12:15
Lunch | 1-on-1 | Networking
Room 1
Room 2
1:15
Next-Generation Formulation Design on Cloud
Research Informatics in the Cloud at Pfizer
1:45
Move between rooms
1:50
Formulation End-to-End on the 3DEXPERIENCE Platform
Panel/Roundtable: The Future of R&D
2:35
Move between rooms
2:40
Roundtable: How BIOVIA Formulation Solutions Help Solve Your Industrial Challenges
Designing Biotherapeutics on the 3DEXPERIENCE Platform: Bridging the Gap between Virtual + Real
3:25
Break | 1-on-1 | Networking
Room 1
Room 2
Room 3
3:55
Structured Document Authoring CMC, APQR, ONE Lab
Designing Biotherapeutics on the 3DEXPERIENCE Platform continued
Polymer Modeling with Materials Studio Collection in Pipeline Pilot
4:25
Move between rooms
4:30
Next-Generation Quality Connected to ONE Lab
Roundtable Discussion: BIOVIA for Biologics
Roundtable: Materials Innovation
5:00
Break | 1-on-1 | Networking
6:00
Transfer to Dinner
6:30
Dinner

	Room 1	Room 2
9:00	Automated Release by Exception in ONE Lab	The Present and the Future of BIOVIA Chemistry
9:30	Move between rooms	
9:35	Panel: The Future of ELN Re-Envisioning the Role of ELN in the Modern Lab	AI in Materials Science Leveraging Pipeline Pilot
10:20	Break 1-on-1 Networking	
10:25	Supercharge your Method Deployment - Professional Services Best Practice	Solving Informatics Challenges with Pipeline Pilot: Present and Future
10:55	Move between rooms	
11:25	Accelerate your Time-to-Value with Packaged Content for ONE Lab	There and Back Again – A Data Journey at Pfizer
11:55	Lunch 1-on-1 Networking	
1:00	Panel/Roundtable: ELN and LES Migrations ONE Lab	Roundtable: AI in R&D
1:45	1-on-1 Networking
