CONNECTED PRODUCT EXPERIENCE
LET'S TAKE YOU ON A RIDE - CREATING
IMPACTFUL PRODUCT EXPERIENCES

FROM PRODUCT TO EXPERIENCE

TRANSFORMATION TOWARDS 3D ONLINE EXPERIENCES

Drive product sales, increase customer satisfaction and save costs

82% Prefer 3D instead of 2D

60% Increased conversion rates

40% Reduced return rates with 3D

✓ 3D as universal language increases product understanding - leading to higher user satisfaction, better buying decisions

✓ Digital selling reduces travel, sample costs and/or product returns

OEM BUSINESS CHALLENGES

- **Growing # products, richer 3D content – less time**
Efficiently deliver interactive 3D content in scale
- **Customers satisfaction scales with product understanding**
3D communicates feature value & configuration choices best
- **Business decisions based on consumer insights**
Track and understand customer behavior
- **Ecosystem access to product content & twins**
Efficient 3D content delivery into online experiences

Who will use the Product Communicator?

DESIGNER & ENGINEER

- Photorealistic product rendering
- Internal Product Presentation
- Functionality Presentation
- Technical Illustration

MARKETER & SALES

- Photorealistic product rendering
- Online images & ads
- eCommerce product shots
- Flyers & promotion contents
- Interactive Sales Trainings

Unified collaborative environment

The screenshot displays the 3DEXPERIENCE 3DDashboard interface for a 'Beamy Marketing Campaign'. The top navigation bar includes the 3D logo, '3DEXPERIENCE | 3DDashboard Marketing Collaboration - Production', a search bar, and user information for 'Art DIRECTOR'. The main workspace is divided into several panels:

- Project Overview:** 'ENOVIA - Project Planning - Beamy Marketing Campaign' with tabs for Summary, Tasks, Schedule, Members, and Content.
- Task Management:** A 'Create a task...' input field and a 'View by' dropdown menu. Tasks are organized into three columns: 'To Do (2)', 'In Work (1)', and 'Completed (2)'.
 - To Do (2):**
 - Review & Approve Interactive Marketing Experience (Due: 13.11.2020)
 - Review & Approve 3DEXPERIENCE TWIN For Marketing (Due: 21.10.2020)
 - In Work (1):**
 - Review & Approve Marketing Image Assets (Due: 7.10.2020)
 - Completed (2):**
 - Create storyboard for interactive marketing experience production (Due: 5.10.2020)
 - Create mood board and creative brief for marketing image production (Due: 5.10.2020)
- 3DSwym Content - Content Viewer:** A grid of images showing the product design process, including wireframes, exploded views, and final renderings of the 'Beamy' device in various colors (black, red, green, white).
- 3DSwym Collaboration Panel:** A 'Marketing Collaboration' window showing a task titled 'Final Beamy image asset for review' by '3D Artist' from 'Marketing Collaboration', posted 2 days ago. It includes a 'Maximize' button and a '6' icon indicating the number of views.

Design to presentation in less than 15min

Rendering & Storytelling for Everyone! Lean UX, Zero Installation – Fast Easy Fun

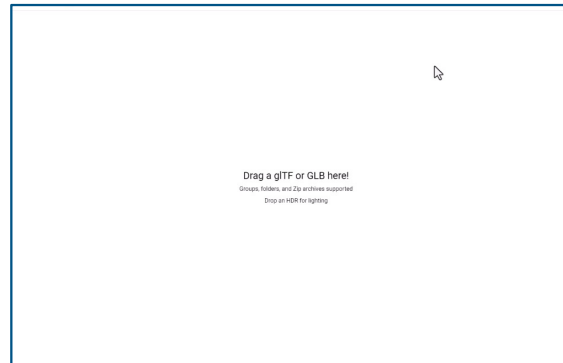

DEMOCRATIZING PRODUCT CONTENT CREATION

USE CASES

From VR to web

Product Demonstration (incl. VR)

Demonstrate the product and experience its behaviors and values from the customer perspective

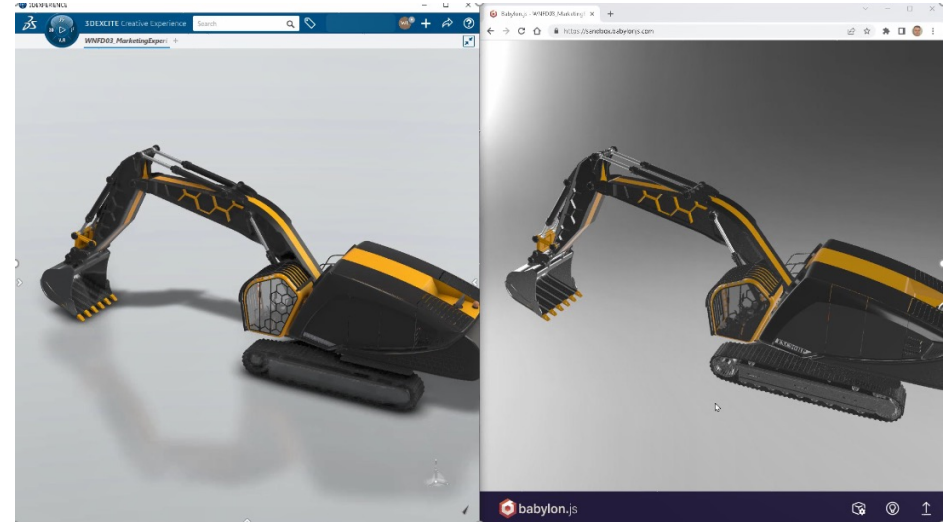

VR, Desktop, Event

3D Online Experience

Showcase the product in customer facing experiences inside 3DEXPERIENCE, HomeByMe or the eCommerce website

3DSwym, HomeByMe and Customer Website (through glTF)

ONE SOURCE, MULTICHANNEL

One source experience for multichannel customer engagements

Immersive experiences for events and showrooms

Direct customer presentation on 3DEXPERIENCE

Mobile or web experience (through glTF)

Product promotion in context in HomeByMe

glTF export for downstream use cases

CUSTOMER EXAMPLE - DEWALT

Product Demonstration

Demonstrate the product and experience its behaviors and values from the customer perspective

VR, Desktop, Event

Online 3D Experience

Showcase the product in customer facing experiences for marketing communication

3DSwym, HomeByMe and Customer Website (through glTF)

3D DEMONSTRATOR – CORE VALUES

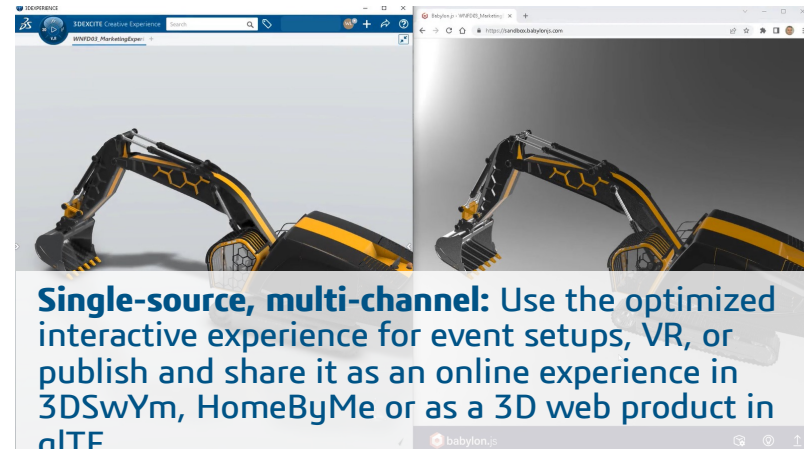

Interactive 3D product experiences: Present compelling product stories, including features and functions, by leveraging the Virtual Twin

Present in context: Stage the product in different conditions and usage scenarios, by using ambience, lights, cameras and virtual humans

Animations & interaction: Showcase product features & behaviors and increase product understanding with predefined UI controls, keyframe animations, Natural Language and even scripting

Single-source, multi-channel: Use the optimized interactive experience for event setups, VR, or publish and share it as an online experience in 3DSwYm, HomeByMe or as a 3D web product in glTF

COMMERCIAL CONTENT & EXPERIENCE CREATION PROCESS

Commercial Content

- Scenes to capture media production
- Repeatable render specification
- Scalable production: photorealistic to glTF

Event Experience

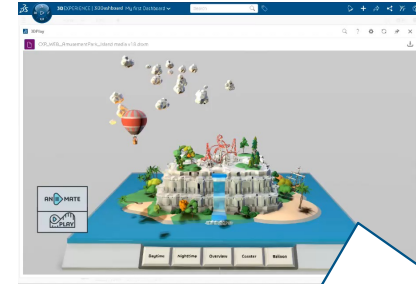

- Scenes to capture storyline
- Animation, UI & interaction design
- Realtime experience & VR play

3DSWYM

WWW

Online Experience

- Published online 3D experience
- Delivery via 3DSWYM or into WWW via "managed play" service

Product & Portfolio

Commercial Twin

- IP protection & visualization optimization
- IP exposition of geometry, material, variants,...
- IP enrichment with material variants, packages
- Lifecycle management, update on request

IMPACTFUL PRODUCT EXPERIENCES

- Add storytelling in 3D as a layer of depth to the conventional product narrative
- It offers a unique perspective that goes beyond the technical aspects
- Showcasing products in the context of experiences, we convey the true value of innovations
- It shapes the way we perceive and interact with the evolving landscape of technology
